

TWC COATINGS —

GRANITE SYSTEM

GRANITE FLAKE SYSTEMS

TWC Coatings Granite System is our most popular floor for the animal care market and can be used throughout the entire facility. It is used widely in animal boarding facilities, shelters and veterinary hospitals. It has the ability to cover up the wall seamlessly, and with our orange peel texture makes this floor the perfect application for all areas of an animal care facility.

FACTS ABOUT PRODUCT

- ✓ A best seller for animal care facilities.
- ✓ A high-build decorative flake broadcast flooring system.
- ✓ Provides a beautiful granite-like finish when applied to smooth, properly prepared substrates.
- ✓ Offers good abrasion and chemical resistance.
- ✓ It is installed over clean prepared concrete where a moderate duty, terrazzo-like finish is desired.
